

8K/16K MEMORY MODULE™ PROTECTIVE COVERING

8K MEMORY MODULE MODEL NO. CX852

16K MEMORY MODULE MODEL NO. CX853

This ATARI Memory Module™ is protected with an edge lubricant and connector cover. Before installing the RAM Module into your ATARI 800™ Personal Computer System, remove the protective white plastic cover from the connector edge. Do NOT remove the protective lubricant from the edge of the printed circuit board.
